GUARDIAN SOCIETY

A gift through your estate, also known as a planned gift, makes a positive impact on the lives of adults with intellectual & developmental disabilities — even beyond your own. An estate plan allows you to demonstrate your values and beliefs to your family and community and to leave a lasting legacy to the causes to which you have committed yourself during your lifetime. The good news: your estate does not have to be large to make a difference.

The names listed below have made estate plans benefitting UMAR. If you have included UMAR in your estate plan, please let us know so that we may add your name to this important group.
